

Thank you for taking the time to research City Council candidates. Now, more than ever, we need wise and visionary City leaders for our fast-growing City.

Why Vote for Prete?

- I am not in anyone's pocket, and I have no agenda other than guiding the City in a wise direction that embraces growth/prosperity while preserving our heritage/values;
- I have no political aspirations; I am simply here to serve;
- I am well qualified to serve, with experience, and strong legal/analytical/writing skills that are critically important when legislating and evaluating pressing City issues;
- I am a unique voice on the Council – raising questions, issues, liability concerns, policy objectives and unintended consequence analyses that are sometimes overlooked or under-appreciated by fellow council members;
- I am a conservative republican; I believe in the constitution, limited government, fiscal responsibility, family values, civic duty, and righteous living;
- My voting record on key City issues is solid and defensible;
- While on the Council, I have spearheaded important legislation and reforms, including procedural changes to help Council Members get the key information/summaries needed to make wise decisions;
- Having served a four-year term on the City Council, I understand the major issues facing our City and can hit the ground running.
