My name is Lucille Douroux and I'm running for Hurricane City Council. "I will be your voice"

I am confident that my 35 years' in corporate business management helps with my bid to be a credible member of the city council. Over my career, I have built strong relationships with many coworkers and suppliers. I intend to bond with the team and the community to be a more effective ambassador.

I ask you for your vote. That my main goal is to listen to you, keep an open mind, execute on those ideas, and be accountable for my decisions.

I have lived in the city of Hurricane for nearly 14 years and I have seen the explosion of growth. Let's get together and make sure this an even better place to be going forward. Let's prioritize infrastructure ahead of the build.

Last thing, I chose to run as this is a non partisan position. I'm all about the people. It's about us and this thriving community. "I'm your gal." Keep the faith and thank you for your consideration.
